Appeal from the United States District Court for the District of North Dakota  
No. 1:17-cv-14 (Hon. Daniel L. Hovland)

**APPELLANT UNITED STATES OF AMERICA'S  
STATEMENT OF ISSUES**

---

Appellant United States of America provides the following statement of  
potential issues:

1. Did the district court err in concluding that 28 U.S.C. § 2410(a) waived  
sovereign immunity over this action?

2. Did the district court err in concluding that state law was relevant to determining the boundary between the historical Missouri riverbed and federal land (whether the federal land had always been owned by the United States or the land had been patented and reacquired by the federal government)?
